Dear Mr Weisberg,

I sent you that portion of "Where Death Delights" which deals with The Kennedy Assassination and an article on The C.I.A.'s role in Vietnam.

The best study of these paramilitary operations is probably contained in the pseudonymous "Robin Moore's" fictional "The Green Berets" and "The Country Team."

Virginia, Headquarters - - III.

As the released attests, the invisible government continues to shape American policy.

The Warren Report is an American equivalent of The Dreyfus Case.

Sincerely,

Edward R. Williams

The publishing of "The Green Berets" was first pressured by The Department of Defense to have the book withdrawn and then consented to put a bright yellow band around the dust jacket clearly marking it "fiction". I

The domestic phase of this operation was first channeled to Aviation Investors, Inc, 505 Land-Mark Building, Washington, D.C. which served as a front for Vietnam Air Transport, a private airline that directed Operation Hayflight against North Vietnam. II

Hayflight's overseer was William E. Colby, later to become Chief of The C.I.A.'s Asian Desk at The Langley,
